Charter Up For OK

ROMULUS—A proposed City Charter for Romulus Township is up for final approval by the nine member charter commission tonight.

The charter commission will meet in the township water building at 7 p.m. to cast their vote on the 82-page document.

Charter Commission Chairman Felix F. Rogalle reported Monday that all major sections of the proposed city charter have been tentatively approved in earlier sessions of the charter commissions.

He announced that he and the charter commission attorney William Moshier, conferred for three hours Sunday on the charter document for presentation to the commission.

A special election on the proposed city charter is scheduled for May 7.

Many township leaders are anxious to have the proposed charter submitted in time for

publication and community-wide discussion prior to the election.

Romulus Township voters approved city incorporation in the November, 1968 election. They also voted for the charter commission with instruction to prepare within a two-year period a proposed charter for the city of Romulus.

More than 65 sessions of two to four hour duration have been held by members of the charter commission.

Provisions of the proposed

city charter calls for a strong mayor type government with a seven man council.

Political differences and at times personalities have delayed final approval on some sections of the document, veteran township political observers reported otherwise a city charter would have been ready for voter decision in a matter of months.

It is hoped by some officials that Wednesday night's session of the charter commission brings final approval to the long-awaited charter.

For Mobile Homes

Residents Hit Zoning

ROMULUS—Homeowners residing in the Middlebelt and Van Born Rds. areas have called a special meeting for Thursday night in protest to a mobile home zoning classification designated for a location at the intersection of the two roads in the new

Zoning Ordinance and Map approved by the township board.

Area residents are complaining that zoning the area for mobile homes when two mobile home parks are already there would put a heavy burden on the school system and increase property taxes.

In a special meeting of the township board held Feb. 26, a motion to adopt, with immediate effect, a new zoning ordinance and map was approved.

The ordinance contained all the incorporated changes as jointly agreed between the Planning Commission and the township board. James Stewart made the only dissenting vote.

The meeting was called by Mrs. Charles McBride, 6345 Cordell and others.

Mrs. McBride reported that at the suggestion of the township board their objections to the zoning were filed.

A petition containing more than 300 signatures was (Continued on Page 3)

Romulus Soldier Gets Hero Medal

ROMULUS—Byron Rocheleau, son of the Gerald Rocheleaus, was recently awarded the army commendation medal for heroism, while serving in Vietnam with the U.S. Army.

Rocheleau, who has been in Romulus since September, was recognized for heroism in

connection with military operations against a hostile force.

The citation stated: PFC. Rocheleau distinguished himself by heroic action on Nov. 26 while serving with Headquarters and Headquarters Company, 4th Battalion, 23rd Infantry.

While on combat operation, his company came in contact with a large enemy force. During the initial contact, a friendly soldier was seriously wounded and Rocheleau, with complete disregard for his own safety, moved to his wounded comrade's side and provided devastating fire on the aggressors as he administered first aid to his fallen comrade.

His valorous actions contributed immeasurably to the success of the mission and were responsible for saving a man's life, according to the award citation.

BYRON ROCHELEAU

Supervisor Rebuts Union

BY HENRY CANTIN

ROMULUS—Charges made by Romulus Township employees against Township Administrative officials in an Open Letter to Romulus Citizens last Wednesday were denied in a statement of rebuttal made Monday by Township Supervisor Roderick E. Smith.

In answering the statements made in the letter, Smith emphasized that his reply was his personal one as well as supervisor of the township.

He charged that the strike called Feb. 13 by township members of Local 64-A of Metropolitan Council No. 23 was illegal for two reasons, first that it violated statutes which prohibit public employees from striking and secondly it was a clear cut violation to strike without following the grievance procedures of the contract.

Members of Local 64-A agreed to go back to work pending further negotiations after a court conference on a township petition for a restraining order.

A meeting of officials of the local and township board were scheduled to meet at 5 p.m. Tuesday with a member of the state mediation board.

Smith, who claims that the township was always willing to negotiate, said that at the meeting a review of the transcript of the Feb. 13 court hearing will be made and groundwork on matters for negotiation set up.

I feel that the open letter to Romulus Citizens which appeared on the front page of last week's Romulus Roman necessitates an answer by the officials of Romulus and I am taking the liberty of doing so for myself as the Supervisor of Romulus.

In the first instance, the strike of the Township employees was illegal from two viewpoints: FIRST, it was a violation of the statutes which prohibit public employees from being on strike; SECONDLY, it was a clear cut violation to strike without following the grievance procedure outlined in the Contract, providing for

chronological steps, including binding arbitration, and the Union failed in their contract obligation.

I won't argue against the Union's claim that water and sewer department crews were available to do emergency work during the strike, but those same employees were on strike in violation of a temporary restraining order issued by Circuit Judge George E. Bowles on Feb. 10, which stated, "...be and are hereby restrained from striking under any guise whatsoever..." and were ordered to appear in Court on Feb. 13, to show cause why the temporary restraining

order should not be made permanent.

The Appendix "B" which was mentioned, Wages and Classifications, was settled as far as the Township Board is concerned, and the listing of Job Classifications and Wages has been used by both the Union and the Township on many occasions in the past year and ten months; the Union, in fact, used it as an official document at a State Arbitration case, indicating that they, too, have officially recognized it.

It is true, that Appendix "C" was never really negotiated. However, on Feb.

2, at the Township Board Meeting, the communication from Mr. Russell Makowski, the Local Chapter 64-A President, was read and discussed, including his request to negotiate on Job Descriptions.

The Board set the date of Feb. 12, for a meeting with the Union and so advised Mr. Makowski. However, on Feb. 9, a Union Meeting was held and it was decided by the employees to go on strike on Feb. 10, even though they were advised by their Union Representative that it would be an illegal strike.

It is not true that certain (Continued on Page 3)

Beverly Patrol Formed

ROMULUS—A Dad's Patrol was organized at Beverly Elementary School's Founders Day Dinner held last Wednesday.

Mrs. Sally Arrington, PTA president, said that sixty parents attended the dinner and entered into a discussion as to how to involve more parents in the school programs.

One area of special concern was the recent vandalism at Beverly School and it was decided that a patrol would be organized to keep an eye on the building and try to prevent further destruction.

Car Tag Alert Is Issued

Did you get your 1970 license plates yet?

Current new license plate sales lagged 355,000 behind 1969 plate sales, reports Secretary of State James M. Hare.

"An extra month was added to eliminate traditional long lines... but apparently thousands of auto owners are still waiting until the last second to buy plates."

This year's deadline for buying new passenger and motorcycle plates was changed from the end of February to March 31. Commercial and trailer plates still expired Feb. 28.

Registry Voting Date Set

ROMULUS—Deadline for registering to vote in the special school election April 6 is this Friday, March 6. Davis B. Draper, secretary of the Romulus Board of Education, announced.

Persons registering after 5 p.m. on March 6 will not be eligible to vote, he reported.

The Romulus Community School District will be voting on millage renewal and a \$11 million plus bond issue for "vitality needed" school building programs.

Cub scouts, who worked hard for advancement, were presented various awards by Cubmaster Richard Luh and Weblo Leader William Bohl. Above is Luh making some of the awards.

Federal and State School Programs Aired To PTA's

ROMULUS—Federal and State compensated programs were the items of interest when the Romulus Area PTA Council met at Harrison Elementary School on Feb. 24.

With all units represented, except Gordonier School, the group was informed about the status of compensatory programs by some of the people directly involved.

Mrs. Lorena Burton, federal and state coordinator explained the various programs: Adult Basic Education, Para-Professionals, Breakfast and Lunch Programs, Vocational Education, Full Year Head Start, Self Improvement Courses, Neighborhood Youth Corps, etc.

GOP Discusses Charter Election

ROMULUS—The upcoming election on a proposed city charter for Romulus Township, scheduled May 7, was the main topic of discussion at the Feb. 17 meeting of the Romulus Republican Club.

Considerable amount of attention was given to the limited time the Charter Commission has allowed for any proper campaign in the event a good charter should be presented to the electorate.

The lengthy discussion led by Mickey Reel, local realtor, accelerated the club's plans

for finalizing a slate of officers, acquiring necessary campaign funds and also a possible plan of action should the charter election be delayed.

New faces appearing at the club's meetings from all clubs and areas of Romulus justifies the re-organizing of the local GOP.

Unless an emergency meeting is called, the next regular club session is scheduled for Tuesday, March 17 at 8 p.m.

The meeting will be held at the VFW Hall, located on Huron River Drive.

Lenten Season

(Editor's Note: The following is the fourth of a series of Lenten Sermons by area pastors and leading churchmen. This week's article is by Rev. Kinniman Crawford, pastor of Grace Baptist Church of Belleville.)

BY REV. KINNIMAN CRAWFORD

John 19:28-30 "After this, Jesus knowing that all things were now accomplished, that the scripture might be fulfilled, saith, I thirst. Now there was set a vessel full of vinegar: and they filled a sponge with vinegar, and put it upon hyssop, and put it to His mouth. When Jesus therefore had received the vinegar, He said, It is Finished: and He bowed His head, and gave up the ghost."

We have come to that time of the year when our thoughts go again to Calvary and the sufferings of the Lord Jesus and His death upon the Cross for our sins. It seems that the world is growing more calloused and hardened. Because of this the death of Jesus means so little today.

I would like to have you think with me, a few minutes about the meaning of the death of Christ.

First; Jesus said it was finished—meaning that man's redemption was complete. The sins of a lost humanity were paid for and now salvation was possible. It meant to that salvation was free. We cannot add anything to what the Lord Jesus has completed.

We read in Romans 6:23 "For the wages of sin is death; but the gift of God is eternal life through Jesus Christ our Lord." Salvation is a gift. We cannot pay for nor work for salvation. Ephesians 2:8,9 "For by grace are ye saved through faith; and that not of yourselves: it is the gift of God: not of works, lest any man should boast." It is all of grace; a favor we do not deserve. But thank God it is true.

Secondly; We can be saved John 3:18 "He that believeth in Him is not condemned: but he that believeth not is condemned already, because he hath

Letterhead Of College Emphasizes 'Community'

What does a letterhead have to do with philosophy?

"Everything," said Donald Jobs, assistant to the president at Wayne County Community College, as he looked over the infant college's brand new letterhead.

"The boldest, most eye-catching word in our new letterhead is 'community,'" said Jobs. "This is no accident. We're placing our primary emphasis on our role as a service institution delivering educational

resources to the community we serve."

"This is a radical departure from many community colleges. They try and play down the fact that they are community schools. We're proud of it," he added.

Jobs said the new college is experimenting with a number of ways to bring education to the 2.4 million Wayne County residents it serves.

Among these efforts is the school's unique use of 27 neighborhood centers for classes and other college

activities rather than pushing for the construction of one central location that faculty and students would have to travel great distances to reach, the W.C.C.C. administrator said.

Another unique approach is the school's open door policy.

Jobs said the school is open to all citizens of the County over the age of 19, "regardless of their past educational record. They don't even have to hold high school diplomas."

"This is a community school, serving the whole community—not just some socio-economic or educational elite," he said. "There are members of this community who have made some serious mistakes when they were young, and an effective community college should give them an opportunity to clean the slate and start again," he said.

"This is a radical departure from the admissions policy of most colleges," said Jobs.

"Again, the reason for it begins with that key word—'community.' When most schools begin to establish their admissions criteria, they look to what the four year colleges are demanding. They're not looking to the needs of the people in the community who need a chance.

"Certainly, we'll find that the open door will bring some people into W.C.C.C. who will discover that college just isn't for them. But what harm will it do. They'll just drop out. Those who have the ability will succeed—regardless of their past records," he said.

Homestead Tax Exemption Bill Detailed

ROMULUS--State Representative Edward E. Mahalak (D) Romulus reported that Governor William Milliken has signed a measure that would amend the Senior Citizens' Homestead Tax Exemption law.

"House Bill 2826 which I co-sponsored makes two changes in the earlier law. It eliminates entirely the State Equalized Valuation ceilings on homesteads and increases the income restrictions from \$5,000 to \$6,000," said Mahalak.

When the Act was passed in 1965, it provided that a

senior citizen's homestead could not be valued at more than \$10,000 of state equalized valuation, or he would be considered ineligible for tax relief.

"With today's increased assessments and taxes, a very heavy burden was placed on senior citizens, who have fixed incomes. This amendatory act will update the original law and enable it to keep pace with the times," said Mahalak.

Mahalak went on to say that although he was pleased that the legislature had given its

approval to the measure, he was disappointed that the amount of the exemption allowed had not been Mahalak.

"We tried very hard during the fall session to increase the amount of the exemption from \$2,500 to \$3,500. Unfortunately we were unable to secure the support of even one Republican representative for the amendment. And, our attempt at increasing the exemption failed by one vote.

"However, I am most pleased that the legislature and the governor have seen fit to recognize the plight of our

senior citizens to the extent which is observable in this new law," said Representative Mahalak.

This new law applies to individuals who are filing now. "Thus," said Mahalak, "if a person did not file, because his income exceeds \$5,000, or his homestead is valued at more than \$10,000 he should now file."

Assignment

ROMULUS--Marine First Lieutenant Kim A. Wahtera, husband of the former Miss Sandra L. French of 12100 Sharon St., is serving at the Naval Air Station in Kingsville, Tex.

All senior citizens who filed earlier but were turned down should refile. "We have estimated that thousands more of Michigan's senior citizens will now be eligible for tax relief," concluded Representative Mahalak.

School Board Offices Move To New Location

ROMULUS-The Board of Education offices of the Romulus Community Schools are now located in the school district's new administration building at 36540 Grant St.

Moving activities from the former offices, located in the Old Romulus Junior High School, nearby, to the new quarters were held over the weekend.

The new board office and adjacent maintenance warehouse is located just south and east of the junior high school. The new Board

of Education office is housed in a one-story structure with a depth of 241 feet and width of 75 feet.

Construction of the educational facility was started in November, 1968. It was financed from proceeds of a \$3,400,000 bond issue approved by the school district voters in October, 1967.

Increase in growth of the school district with required additional administration personnel and other help necessitated moving into larger quarters.

employees are working without Job Classifications. Every employee in the Township, whether on hourly rate or on salary, is paid on the basis of his or her classification.

In addition, what the letter did not state was that the grievance case that the Union took to the State Arbitrator was settled on exactly the same basis offered by the Township Board months before it went to Arbitration; but the Union's insistence that the case go to arbitration cost the taxpayers of this community an

unnecessary expenditure of tax dollars.

It is completely absurd, as the public records of the Township show, in anyway to indicate that the Township Officials and Trustees have, every year, received or even asked for, increases in their salaries.

As far as employee wages and salaries are concerned, the Union contract with the Township calls for annual \$5 per week increments across the board for all employees. In addition to periodic increments during their first year of employment and additional increments when

the employee has changed classification.

I have personally checked with many of the Township employees and most of them have told me that all the elected officials should not have been subjected to the criticism contained in the "OPEN LETTER" of last week; in fact the majority did not agree with the implied statement.

Even the Local Union President, Russ Makowski, told me that the "OPEN LETTER" did not have official clearance or approval from him or the Union. It is apparent, therefore, that it

Charges Dropped

ROMULUS-Charges against two men accused of larceny by conversion in the annual Candy Sale sponsored by the Romulus Little League Baseball Committee, were dropped by District Court Judge James B. Stone following an amicable settlement.

Charges against a third man were dismissed because of insufficient evidence.

The three men were arrested and arraigned some time ago on the charges of larceny based on their reported non-return of monies collected in the Candy Sale held last June.

Judge Stone conducted a preliminary examination into the charges denied by the trio and last week dropped the charges when informed that all parties involved reached a settlement.

Accused were Walter Worden, 35, of 30730 Dorest, Romulus, who won dismissal due to insufficient evidence; James Grizzle, 26, of 6675 Gloria St.; and Kenneth

Ramey, 26, of 6687 Gloria St. both of Wayne.

Robert Walicki, president of the Romulus Little League reported that Grizzle made a settlement of \$132 and Ramey one of \$100.

Judge Stone's office issued the following statement in announcing the disposition of the charges:

"After looking further into the matter of the Candy Sale for the Romulus Little League and discussing the matter with Mr. Grizzle and Kenneth Ramey of this city it is apparent that the entire matter arose because of a misunderstanding on the part of the Romulus Little League and the parties involved with respect to the procedures of the Candy Sale.

Therefore, an amicable resolution has been reached, all charges have been dropped and it is hoped that they and the Romulus Little League will be able to work together in the future in giving the city of Romulus a good Little League Baseball Program."

Hink-Lambert Wed

Newlyweds Honeymoon In Hawaiian Islands

St. Francis Cabrini Catholic Church in Allen Park was reserved for the recent winter wedding of Diane Lambert of Allen Park and John Hink of Belleville. The double ring nuptials, read by Father Michael Horan, united the daughter of Mr. and Mrs. Steven M. Lambert of 9008 Fox, Allen Park, and the son of Mr. and Mrs. Jack Hink of 12520 Stanley Drive, Belleville.

FOR HER wedding day, Diane selected a formal gown of beau de soie frosted with white daisy appliques. The sculptured bodice was fashioned with a wedding-band neckline and full, long sleeves cuffed at the wrist.

MR. AND MRS. JOHN HINK

Outlined with lace appliques, her floor length veil of silk illusion was caught to a matching appliqued cap. Completing her bridal finery was a nosegay of white carnations, pink rosebuds and baby's breath.

Mrs. Kenneth Pylar of Allen Park served as honor attendant in a toe-touching frock of dark brown chiffon. Satin-cuffed sleeves in wrist-length and a rolled satin collar were features on the fitted bodice.

Apricot ribbon was entwined in her hair and she held a nosegay of apricot-tipped carnations, baby's breath and looped ribbon.

Wearing an identical ensemble was the bridegroom's sister, Deborah Hink. Another sister, Tammy Hink, donned a beige frock for her role as junior bridesmaid.

THE BRIDEGRROOM'S cousin, Harold Hink of Belleville, served as best man. Ushers were Ronald Hink, the bridegroom's brother, and Kenneth Pylar of Allen Park.

Following a reception at the Lincoln Inn, the newlyweds departed for a honeymoon in Hawaii. They are now making their home in Dearborn.

The bridegroom is a candidate for graduation in June from Eastern Michigan University.

MRS. SAMUEL ALLAN WALK

Walk-Bies Nuptials Read At St. Joseph's Honeymoon In Bahamas

Some 300 friends and relatives assembled at St. Joseph's Catholic Church in Whittaker for the February 21 wedding of Geraldine Ann Bies of Willis and Samuel Allan Walk of Belleville.

The Rev. Raymond Klauke presided at the double ring rite at five thirty in the afternoon before an altar appointed with white mums, carnations and gladioli. Dale Gonyea provided organ and vocal selections.

Mr. and Mrs. Jerome Bies of 10726 Willow Road, Willis, and Mr. and Mrs. Samuel S. Walk of 46060 Mc Bride Road, Belleville, are parents of the young couple.

ESCORTED TO the sanctuary by her father, Geraldine appeared in a white velvet creation fashioned in toe-touching length. Reminiscent of the Juliet era, the gown featured a stand-away collar, wide-cuffed bishop sleeves and a high-rise waistline.

A crescent headdress of velvet and lace flowers backed by a large satin bow held her bouffant veil of silk illusion which drifted to chapel length. Her colonial bouquet was a potpourri of white roses, minifature carnations and stephanotis.

As her sister's maid of honor, Mary Bies donned a

red velvet frock identical in style to the bride's. Small red bows formed her headgear and she held a white muf adorned with red roses.

Mrs. Lawrence Wegrzyn of Plymouth, sister of the bride; Mrs. Larry Knox of Milan; sister of the bridegroom; Judith Bies of Willis and Sally Walk of Belleville, also sisters of the bridal couple, and Sandra Fleszar of Willis, cousin of the bride, formed the bridal coterie.

'R. & R' In Hawaii

CAN'T THINK of a smarter way to beat the blasting breezes of February than by taking off for some idealic spot like The Islands. Such was the case for two local gals whose hubbies were being sent to Hawaii for rest and relaxation while serving in Vietnam.

Vicki Vincent Barnett and Sue Bechtel Farver met their respective 'Mikes' February 9 and enjoyed six fun-packed days together, Mike Barnett getting to see his 14-month old daughter, Liisa, for the first time in seven months.

The two couples rented a car and 'did' the Island taking in the Dole Pineapple Plantation where they munched on the juicy, fresh fruit which, Vicki says, is out of this world. "But as for 'poi', it's strictly blah to a non-native." They also enjoyed dinner and the Don Ho show at "Duke Kahanamoku's Restaurant" (see photo on Page 8-A).

The men, who are stationed about four miles apart with their Marine units in Vietnam, left their wives after six days but the girls were able to remain for another week before returning home on the 20th.

Bits 'n Pieces

S/4 ROBERT D. OELKE spent a three-day week with his family, the Grant Oelkes of E. Huron River Drive, after pleasantly surprising them with his appearance Saturday morning. Another week-end guest was a close friend from Flint, Sharon Carlton. Grant is currently recuperating at home after having had surgery at Ridgewood Hospital last week...BRIAN R. BIRK, son of Mrs. Wilbert Birk of Denton Road, has been discharged from Veteran's Hospital, Ann Arbor, where he was a patient for two weeks.

Flights In From Florida

MRS. JACK Hink of Stanley Drive and Mrs. Edward Suliman of Edgedale Drive are back in Belleville after a week's rest at the Hink's condominium in Pompano Beach, Florida. Ron and Tammy Hink and Sandi Suliman joined their mothers for the mid-winter respite, Mrs. Hink having spent 22 days in the south.

ALSO IN from the Sunshine State are Chet and Mary Kosin who checked into their motel in Daytona Beach February 20 and then toured the Nation's Spaceport at Cape Kennedy. During their two and a half hour bus tour they visited the original 'mission control' building used in early space flights and the huge vehicle assembly building where the Saturn V rocket is completely assembled and then transported via a 'crawler' to its pad.

Saturday and Sunday were 'race days' with the Permatex "300" (the highlight of their trip) on Saturday. The Kosin's Auto Parts car, No. 87, finished third in a quarter mile chase to a photo finish. The red, white and blue 1963 Ford Sportsman, owned by James 'Hammer' Mason of Dearborn, was driven by Donnie Allison of Hueytown, Alabama.

The Kosin's unburned faces and arms are a good reminder of the Daytona "500" run on Sunday.

Arriving home at 3:30 a.m. Monday (and with Chet having to 'open shop' at 8) they let their sleepy, but gracious sister, Mrs. Stanley Jaszcz of nearby Lauren court, return home.

Surprise For Dena

FRIENDS FROM Dearborn, Allen Park, Lincoln Park, Farmington, Northville and Belleville—about 80 in all—arrived at the Al Cicotte home on Lilac Lane Saturday night for a birthday party surprising Al's wife, Dena.

After being ushered down to the family room, the group of well-wishers munched on hors d'oeuvres and became acquainted with each other over cocktails. A group calling themselves The Modified Version provided lively entertainment for dancing and listening with their own renditions of several Johnny Cash numbers as well as their own original tunes.

The foursome played 'til two in the wee hours during which special ovens were set up for made-to-order pizzas. Two waitresses and a bartender saw to the needs of the crowd who also rallied 'round a huge candlelit birthday cake, while serenading Dena with you-know-what.

Also giving their dad a big hand with the party's success were the Cicotte quartet, Alvie, Mary, Greg and Clifford, who took wraps, handed out name tags, and took charge of their mom's pile of gifts.

Surprise Party Honors 12-Year Old Judy Wood

By Pearl Morris
Phone WH-1-1187

A birthday party honoring Judy Wood, 12, was held last Monday after school, at the home of her parents, Mr. and Mrs. Leslie A. Wood, 13097 Hannan Road. The party was arranged as a surprise by her sister, Leslie, 16. Guests present were David, Brian and Susan Currie, Anita Johnson, Susan Stevens, Eva Ledford, Terri Orsini, Meldoy Stout, all of Romulus; Randy Lancaster and Eddie Conrad of Van Buren Township. The guests enjoyed birthday supper and games.

Mr. and Mrs. Charles Rocheleau of Min Ari Mobile Court 5, Rural Route 2, N. Delaware Street, Apache Junction, Arizona (formerly of Wabash Road, Romulus) celebrated their Golden Wedding Anniversary on Feb. 28. Mrs. Rocheleau formerly taught Kindergarten at the Romulus Elementary School. The couple would enjoy hearing from local friends.

Among local persons and organizations who lent a "helping hand" to the Charles Franklin family, whose home on Carnegie Street was burned out over a week ago, was the Romulus Progressive Club. This group gave the family a \$100 food order and a \$150 clothing order at the Romulus Department Store. Mr. Joe Lambert, proprietor of the store, offered to match the clothing order, thus giving the Franklins another \$150, in clothes.

Four-year-old Trent Franklin, who was seriously burned in the fire which destroyed the family home is reported improving in the Buren Ward at University Hospital, Ann Arbor. Trent's "Head Start" classmates at the Head Start School, 7335 Washington Street, made get-well cards of circus trains and mobiles to send to Trent at the hospital.

Mr. and Mrs. Larry Hay of Wick Road are parents of an 8 pound, 6 ounce son born February 19. The infant was named "Roger Lee" and is the young couple's second son.

Special Meeting

ROMULUS--During the
past year, increasing numbers
of Romulus citizens are
requesting membership in the
Romulus Homeowners
Association.

These citizens have been
turning to the Association for
help, that as an individual
they have been unable to
receive, and have been getting
it, association spokesman
reported.

Actually, the name,
Romulus Homeowners
Association, does not
represent the true picture of
the work the association
does, or a true picture of the
membership, it was stated.

Growing concern on the
development of the Township
(or in some cases, lack of
development) has been
constantly brought to the
attention of the association,
with the plea.

"What can we do!" "The
Township officials are in a
meeting, out of the office,
and never return our calls."
"What happened to the \$4 for
\$1 recreation money from the
State?" etc.

The association voted to
revise and up-date the
constitution. The work is
now completed and will be
presented to the membership
for discussion and vote on
March 12.

ALL MEMBERS ARE
URGED TO ATTEND THIS
IMPORTANT SPECIAL
MEETING to be held at 7:30
p.m. March 12 at the
Romulus Elementary School
Multi-purpose Room, located
at 11165 Olive (just south of
Goddard).

In addition, Robert L.
McConeghy, Superintendent
of the Romulus Community
Schools, will speak.

WANTED! SONS OF MEN
A great offence has been committed against God, when one does
not believe what He has promised! Do you know God's
Promises? Do you know that God has magnified His Word, the
Bible above all His Name?
The Apostle Peter wrote, "If any man speak, let him speak as the
oracles of God." There is a great need for, and advantage in,
obeying this injunction. We live in a day when men speak in a
style very different from "the oracles of God".
A concealed philosophy on one hand, and an utterly
impoverished theology on the other, have given the world a
colorless language, destitute of all truthful elements. The Spirit
of God calls the sons of you to the Truth provided in "the
oracles of God".
This advertisement will put in communication with someone
who can help, and (if you desire) inform you where you may
attend free public talks on the Bible.

Bond Sales Brighten Prospects For Airport

The prospect of the sale of \$69 million in Detroit Metropolitan Airport bonds brightened last Tuesday with the sale of road and sewer bond issues by the Wayne County Road Commission.

A \$20 million motor vehicle highway bond issue was purchased by the National Bank of Detroit at an effective interest rate of 5.97 per cent over a period of 13 years. The bank bid the lowest interest rate of three bidders.

The other sale was that of \$6 million for the Brownstown Township Section of Metropolitan Sewerage and Sewage Disposal System. It was sold to a group of investors including Halsey Stuart & Co., Smith, Barney & Co., Blyth & Co., Inc., Lehman Brothers, First of Michigan and Drexel Harriman, Managers and Associates.

The bonds were sold at an effective interest rate of 7.29 per cent over a 35 year period.

The successful sales followed legislative action raising the limit on municipal bond interest from six per cent to eight per cent.

Under the old limit, the road issue, offered in December, 1969, found no buyers. It is hoped that the airport offering, this spring, will be sold.

William E. Kreger,

Chairman of the Board of Road Commissioners, was optimistic about the sale of the airport bonds in the face of Tuesday's sale.

"I think this sale, with bidders from all over the country, shows a good deal of faith in the economic future of the Detroit area," he said.

The road bond issue will pay for some 20 road improvement projects to be constructed over the next three years. The sewer bond issue will cover the cost of a program of major sanitary sewer extension in Brownstown Township.

The airport bond issue will be for the first phase of a \$200 million airport expansion program.

NEW ELEC-TRAK Among the attachments available for General Electric's new Elec-Trak (T) tractor, announced this month, is a dozer blade which can be used for earth moving or plowing snow. The battery-powered tractor, manufactured by the General Electric Outdoor Power Equipment Operation, will be available through Wm. F. Sell & Son, Inc. in this area. The all new tractor is now on display at Wm. F. Sell & Son, Inc., 16555 S. Telegraph Rd., Taylor.

Sell Firm Displays New Electric Garden Tractor

TAYLOR—After years of tinkering with exotic electric car prototypes, General Electric has finally unveiled its first serious battery-powered vehicle. But — Metropolitan Detroit can rest easy — the vehicle is an electric garden tractor.

YET G.E. should not be embarrassed as officials of Westinghouse were in 1967 after their highly touted electric car, the Markette, fizzled so quickly.

While the route from the backyard to the interstate may be impossible, G.E. is content, for now at least, with the green in the garden. By 1974, the company says, the market for garden-type tractors and riding mowers will be close to \$1-billion, up from \$425-million in 1968.

The Electrak, the first new product of an entirely new GE department — the Outdoor Power Equipment Operation — stems from the extensive but fruitless research GE did on early electric cars, particularly for Delta. But as one executive noted, "The predictions and forecasts of this experimental car far exceeded its actual capabilities." The new Electrak is now on display at Wm. F. Sell & Son, Inc., 16555 S. Telegraph Rd., Taylor.

GE has no such apologies about the Electrak, and claims that its electric garden tractor meets gasoline-burning tractors on equal ground and surrenders neither power nor size.

It comes in 10-hp, 12-hp, or 14-hp models which range in price from \$1,150 to \$15,000, price tags that are comparable to those on non-electric tractors with similar power ratings.

The power supply comes from six 6-volt lead-acid batteries, and total recharging time is about five hours. One charge should last long enough to let the driver mow about three acres using the special GE rotary mower.

A full set of appliances that run off the 36-volt direct-current power supply is available, including a snow blower, chain saw, plow blade, and lawn sweeper. The attachments have their own motors and are unaffected by the tractor's speed, which can be as fast as 7 mph.

GE is the first manufacturer with an electric vehicle in the garden market.

Both are sixth graders. The winning word was "nuisance."

At Mt. Pleasant Elementary School, the School Bee winner was Charles Coleman, son of the Charles Colemans, Sr., 34471 California, a sixth grade student. He won on

"fortunate." Runner-up was Richard Johnson, a fifth grader. Richard's parents are Mr. and Mrs. Lowell Johnson, 38107 Walnut Drive.

It took a two-hour long bee and an unstudied word list to determine the best speller at Hayti School.

Two sixth graders from Mrs. Beatrice Dittmar's room fought a battle of words for several rounds after other participants had been eliminated. Randy Holbird was finally declared the winner and Rosemary Taylor, the runner-up.

The two reversed roles in

the grade bee, with Rosemary being the winner and Randy the runner-up. The winning word was "bonfire." Randy's parents are Mr. and Mrs. Charles Holbird, 30960 Ecorse Rd, Inkster; and Rosemary's, Mr. and Mrs. Arnold Taylor, 6080 Inkster Rd, Inkster.

At Gordonier School, the champion speller is David Croyle, a sixth grader and son of the Daniel Croyles, 29815 Ecorse Rd, Inkster. Rowena Andrews, sixth grade, was runner-up. The winning word was "knowledge." Rowena's parents are Mr. and Mrs. Dewey Andrews, 31647 Ecorse Rd, Inkster.

Scout Pack 830 Holds Banquet

Cub Scout Pack 830, Dens One, Two, and Three, of the Hayti Elementary School area, held a Blue and Gold Banquet last Tuesday, (Feb. 23.)

Nearly a hundred Cubs, parents, guests and friends attended. Mrs. Carol Rarick had prepared a main dish of spaghetti and meat balls, the balance of the meal was Pot Luck.

Special guests were Hayti Principal and Mrs. Val Connolly, Mrs. Norman Meyer from the PTA and Fred Krupnow, neighborhood scout commissioner, and his son, Dennis.

The Blue and Gold theme was carried out in the table decorations, napkin rings, place mats and name tags, all fashioned by the cubs. Den Mothers, Mrs. Carole Rarick, Mrs. Donnalee Zavitz and Mrs. Nolene Suessine, sat with their Dens at the festive

tables. Decorations for the guest table were made by Mrs. Sandy Petrusaitis.

Following the singing of America, the cubs performed skits. A campfire Award Ceremony was led by Committee Chairman Jack Rarick.

Playoff Fever Hits Cage Teams

Belleville, Romulus Head For EMU

High school district playoff fever hit the state this week and only time will tell whether the inflicted will survive or fall to the malady. Five of the area teams —

Belleville, Romulus, Cherry Hill, Wayne Memorial and John Glenn — are bunched together at Eastern Michigan University in hopes of ousting perennial cage power,

Ypsilanti from the district throne.

In the first round (Tuesday) Wayne squared off with Ypsilanti, and Belleville clashed with John Glenn.

On Thursday, at 7 p.m., Romulus takes on the winner of the Wayne-Ypsi game and Cherry Hill plays the Belleville-Glenn winner. The first match is scheduled at 7 p.m., while the second gets under way at 8:45 p.m.

The finals at EMU will be staged on Sat., March 7, beginning at 8:45 p.m.

Inkster and Garden City West, given good chances to repeat as district champs, headed for Northville and Livonia Franklin respectively.

Inkster gets its first taste of action tonight (Wed., March 4) at 8:45 p.m., clashing with the host Northville, who ousted Riverside in the first round. In the opening game, Livonia Churchill and Clarenceville meet at 6:30 p.m.

The two winners will battle for the championship set for 7:30 p.m. on Friday.

West placed its district title on the block at Livonia Franklin taking on the host in the first round. The winner moved on to meet Livonia Bentley in a game scheduled for 7:30 p.m. today (March 4).

On Thursday, Garden City East makes its district debut, clashing with either Livonia Stevenson or Crestwood.

The championship game at Livonia Franklin is scheduled for Saturday at 7:30 p.m.

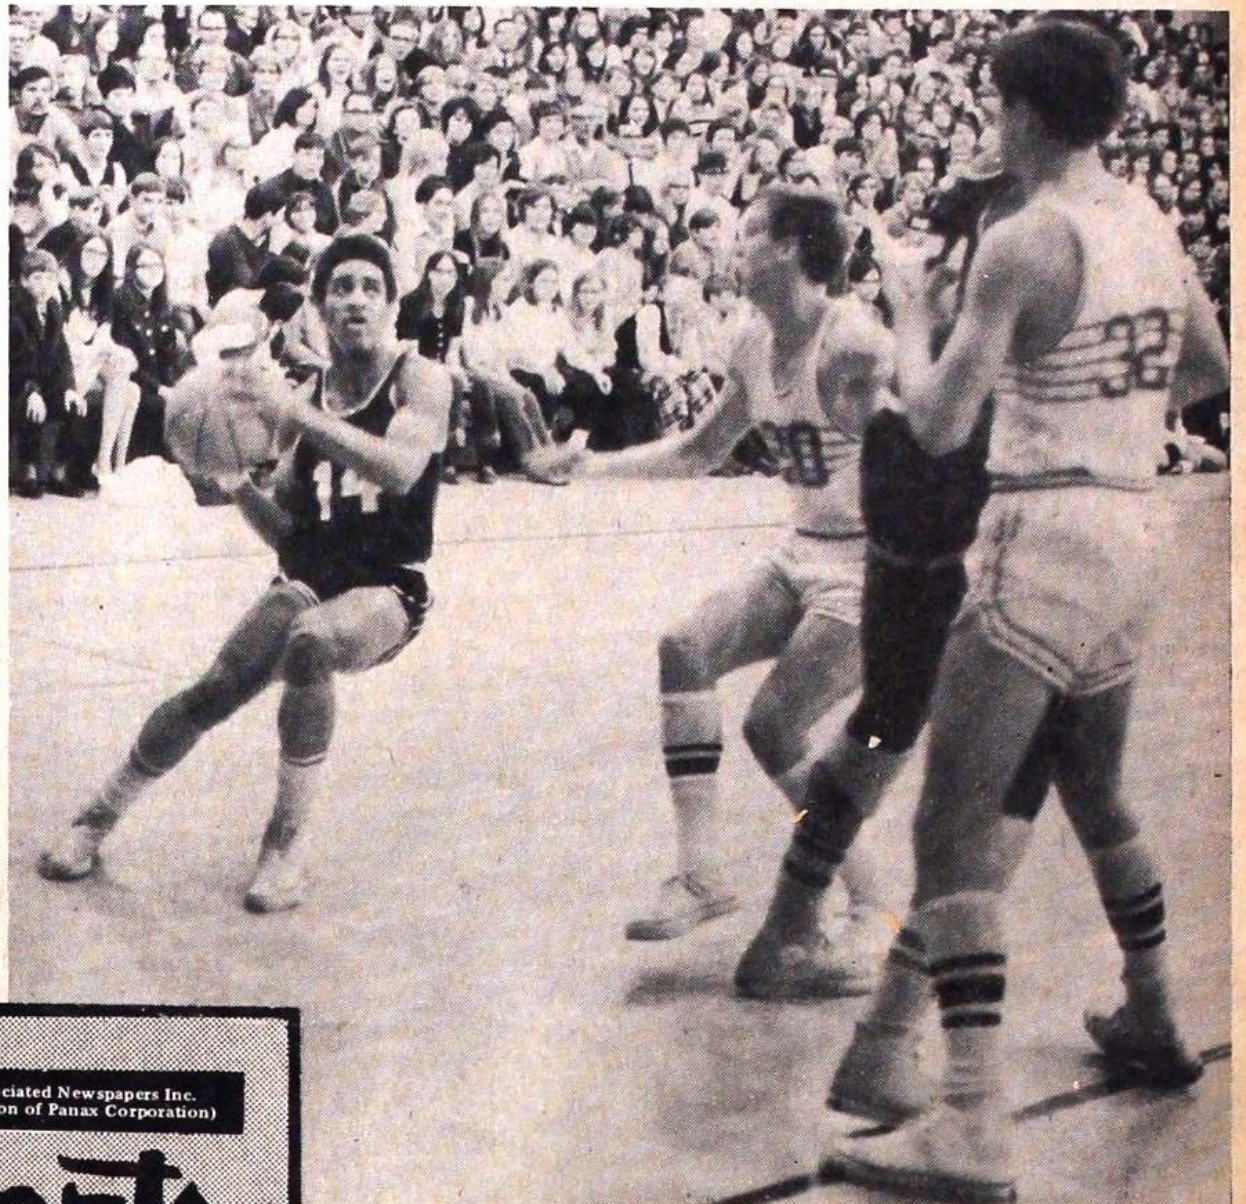

Robichaud heads for Melvindale tonight (Wed., March 4, 7:30 p.m.) to meet Dearborn after drawing a bye in the first round of district play.

At Melvindale on Thursday, Fordson clashes with the winner of the Edsel Ford-Dearborn Heights Annapolis game.

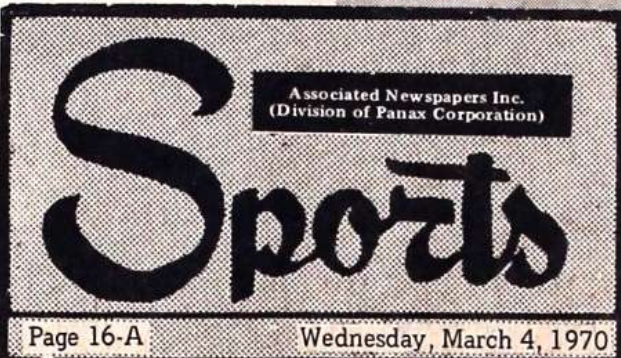

The finals are set for 7:30 p.m. on Saturday.

Wayne St. Mary's is pitted in the Class C district tournament held at Dearborn St. Alphonsus. The Blue Knights played a strong Dearborn Heart team in the first round (Tuesday).

If coach Manny Lentine's Knights can survive their first test, they'll go right into the finals. The championship will be decided on Friday at 7:30 p.m.

A POINT TO PONDER Confronted by Plymouth's Pat Cunningham (20), Belleville's ace forward Garrade Pettus (14) pauses before leaping up for two points. Pettus was on target for 32 points, but they were wasted by the Tigers who lost the finale and finished in a two-way tie for fifth place in the Suburban Six Conference. Plymouth and Livonia Bentley wound up as co-champs.

Eagles Have Winning Year

Chalk up another winning basketball season for Romulus and coach Al Duva.

Romulus clinched a winning year Friday night by going on a scoring rampage to route nonleague rival, Livonia Churchill, 88-40. The Eagles wound up with an overall 9-7 record.

Coach Duva said he was pleased with his team's performance, but he thought that there were a few games which could have been tucked away in the Eagles' winning column if they could have gotten the breaks.

"We played good basketball this season," said Duva. "Sure, we lost some, but we lost them to excellent teams like Rouge and Inkster and they're rated among the tops in the state."

"I feel our team is as good as any in this or any area," he said.

Duva would have little trouble convincing Churchill about his team's prowess. The Eagles leaped upon the Livonia quintet 21-6 in the first quarter and were well out in front by halftime (39-18).

There was no question of the outcome of the game as

the Romulus coach threw his entire bench at his non-conference rivals. The Eagles went into the final frame of the regular season with a 64-30 advantage.

Four of the 10 players coach Duva used hit in double figures. Nate Davis, fully recovered from his

four-game vacation, drilled in 23 points to lead all scorers, while teammates Don Halimon and Charles Johnican chipped in 18 and 17 points, respectively.

Eagle center Roy Szyndlar came up with 11 points.

Romulus was almost perfect at the free throw line where it cashed in on 23 of its 27 shot. It was the shiest night at the charity strip for the Eagles this season.

Foul shooting, however, led to Romulus' downfall against Mid-Wayne Conference champ, Inkster, last Tuesday. The Eagles could find the nets for only half (12 of 24) of their shots and fell 88-80 to the Vikings.

A see-saw affair until the last three minutes of the game, Romulus kept abreast with the defending champs until that last frame, where Inkster outscored its rival 21-15 to break open a close 67-65 third quarter.

Romulus trailed at the end of the quarters by no more than a basket and free throw, lagging behind 23-20 the first period and 42-41 for the half.

Davis and Johnican combined for 45 of their team's 80 points. Davis poured in 23 while Johnican had 22. Also in two figures were Szyndlar and Halimon who supported their team (Continued from 2nd Sports)

picked up its ninth win. The two winners finished in a dead heat for first (9-1) and share the conference title.

Meanwhile, Belleville, with a 2-8 record is forced to settle for a two-way tie for fifth with Redford Union.

Most of the harm to the Rock defense was caused by Pettus, a leaping sharp-shooter who drilled in 14 of his 32 points in the first quarter to lead his team to a 26-22 advantage.

Always reliable Cunningham and Wolf led the Plymouth comeback as they slipped in six and seven points, respectively, to help erase the deficit and bring their team to the front of a 42-37 halftime score.

With Joe Claybron and Rick Mussehl helping Belleville manage the boards,

the Tigers stayed abreast with the champs, outscoring them 23-19 in the third quarter to pull within a point, 61-60, of a third quarter deadlock.

But coach Gates' cagers never found the go-ahead basket.

The Tigers capitalized on 11 of 19 free throws while Plymouth went cold at the line, picking up 19 of 32 chances.

Pettus hit a season and career high when he sank 16 baskets for 32 points to lead all scorers. Also accounting for two figures for the Tigers were Jim Singleton, who had 13, and Claybron, who added 10.

Though Cunningham yielded scoring honors for the team to Wolf, who had 24, Cunningham set up many of (Continued from 2nd Sports)

Drewitz Is Top Scorer In Area

Averaging nearly 30 points per game, Garden City West's 6-7 senior center, Rick Drewitz, wound up on top of the Associated Newspapers' Prep Scorer chart this season. Of League Commitments

There's been a juggling of leagues around here of late and you'd have to be a magician to figure out what's happening. Wayne says it'll play in the Mid-Wayne and Ypsi replies, "Oh, no you don't"; Riverview refuses to have anything to do with Robichaud, and Belleville, with other "6" members, are wooing Dearborn and Edsel Ford (or is it the other way around)?

Who, except the Shadow, knows what is happening?

So we wanted some answers to these questions and one qualified person, Bill Elliott, athletic director at Wayne Memorial, who's anything but a shadow gave us some.

"Will there or will there not be a Sauk Trail Conference next year?" we asked. And that question was necessitated because certain area newspapers, including the two in Detroit, have implied that the Sauk Trail would be dissolved after the current school year.

Elliott answered: There WILL BE a Sauk Trail for the 1970-71 season

"I met with the athletic directors of the league last week in regard to that question and at this point we reaffirmed that the four schools (Wayne, Ypsilanti, Dearborn and Edsel Ford) will compete in all nine sports in the Sauk Trail."

Yes, Virginia, there is a Sauk Trail.

At least for another year.

So, if there is a Sauk Trail, then you can bet that next year there WON'T be a Suburban 8, the newly-proposed realignment for the old "6"—Belleville, Plymouth, Trenton, Redford Union, Allen Park and Livonia Bentley, who were busy last week making room for the two Dearborn high schools, Dearborn and Edsel Ford.

Robichaud-Riverview Duel

The "8" will have to wait, evidently, until Edsel Ford and Dearborn complete their commitments in the Sauk Trail.

Commitments, or not, Riverview, a member of the Mid-Wayne since its inception eight years ago, will have nothing to do with Dearborn Heights Robichaud.

And that feeling is apparently mutual.

Robichaud is disgusted with the treatment its teams, fans and cheerleaders are getting when they travel to Riverview and Riverview says its sick of having to have an army on hand to protect its teams and fans when they are at Robichaud.

We don't know what started it — but Riverview has announced that it is dropping out of the Mid-Wayne at the end of the current season. The Pirates also say they're going to forfeit any future games with Robichaud.

Riverview, a state power in swimming, did forfeit a dual meet to Robichaud last week and that could cost it the swimming title, something it has owned since the inception of the league.

Now, why couldn't those darn Pirates forfeit that basketball game they won against Robichaud a week or so back? That would have made last week's Inkster-Robichaud game a bit more interesting.

A Belated 'Thank You'

Coach Dave Court also lost his veteran guard Randy Gorham early in the game when the play-maker injured his ankle in trying to retrieve the ball.

"We hope to be at full strength for the playoffs," said coach Court whose team finished with an 8-4 league record and a tie for third after Friday night's loss. "All our players look to Rick for leadership and I can't say enough about the courage of this boy."

"Though he came out of the accident all right, undoubtedly he was shaken."

A see-saw affair for the first two quarters with Grosse Ile leading 17-15 and 36-33 at the end of both periods. Huron couldn't catch up to their league rivals who eventually pulled away on a third quarter scoring spree.

Huron was gun-downed for all purposes in the third quarter where the Chiefs found themselves trailing 53-47. Though they rallied to within a point of catching the visitors, they never made it.

Five of Huron's cagers made it into double figures, though.

Joel Richert led the Chiefs with six from the field and six free throws for 18 points. Wasilewski added 15 while Butch Suemnick and Don Mittelstat chipped in 12 apiece.

Grosse Ile's 6-4 forward Mike Brakeville was the top man for the game. He shot in 12 baskets and picked up three charities for 27 points.

Blue Chips Give Allen Park Swim Team Title Edge

With enough "blue chip" swimmers on hand, Allen Park is again given the nod as the team to win the Suburban Six Conference swimming championship. The Parkers, defending league champs, go into the league meet Thursday in a tie with Trenton.

"The rest of the teams in the league should cut up Trenton pretty well," said Belleville coach Bill Brandell, "giving Allen Park the edge in the meet."

"Allen Park has enough blue chip tankers to win it all again this year," said Brandell.

The six members of the conference plan to get together on Thursday at Redford Union to battle for the title. The preliminaries are scheduled for 4 p.m., while the finals will be conducted by Friday, at 7:30 p.m.

Warming up for the meet, Belleville dropped a close 59-46 league decision to Plymouth last Tuesday. The Rocks picked up six out of the 11 events, including a 1-2 on the boards which eventually led to their victory.

Belleville received a double victory from its senior freestyler, Chet Meyer who plowed through the waters at a 1:56.2 pace to take the 200 yard freestyle, and he returned to the pool at a 51.8 clip to haul in the 50 yard freestyle.

Teammate Jim Ackron duplicated Meyer's efforts, winning the 200 yard individual medley with a 2:15 even clocking and racing the 100 yard butterfly in 1:01.5.

Belleville's Kirk Cullin got the other first place when he was clocked at 4:29.5 for the 400 yard freestyle.

Coach Dick Gretzinger's Rocks tucked away both the 200 yard medley relay and the 400 yard freestyle relay events. The Plymouth coach

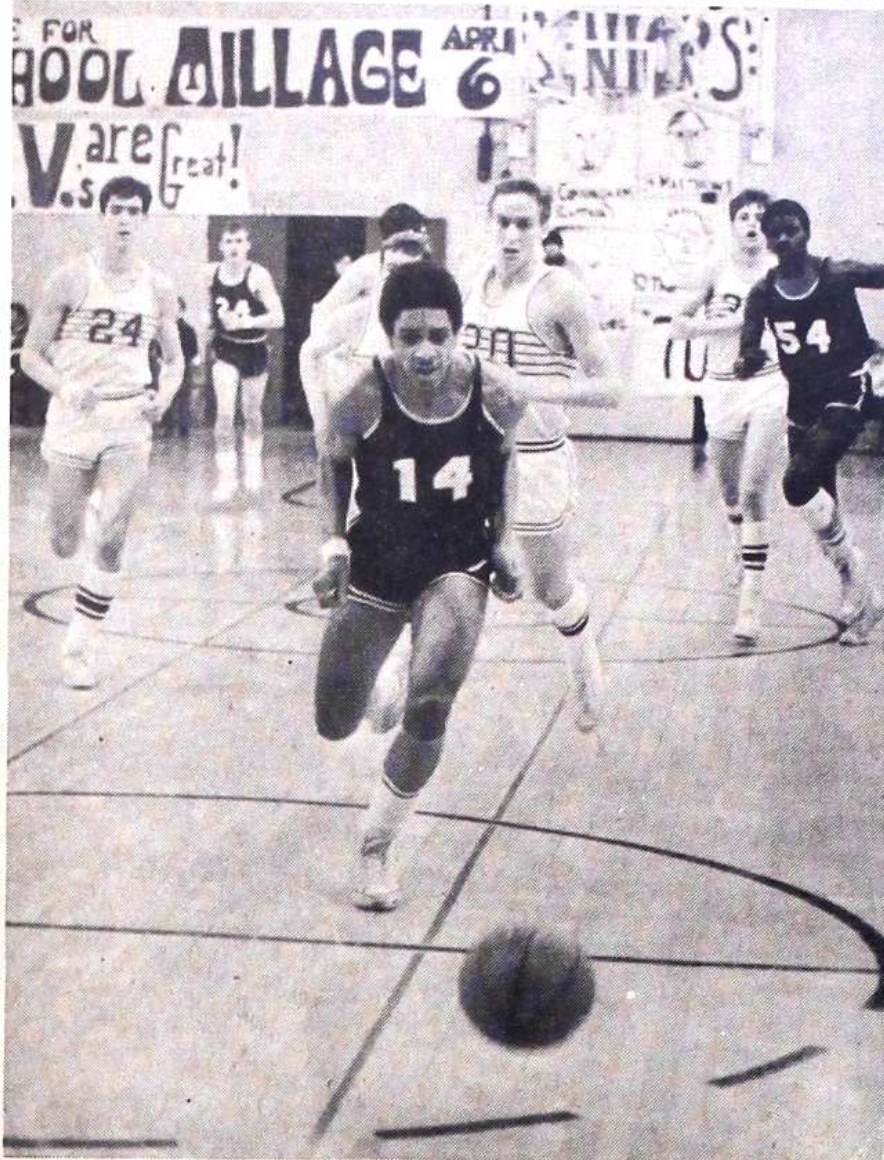

Eagles mates with 14 and 12, respectively.

Snowmobile Registrations Rise Sharply

More than 92,000 snowmobiles now have been registered in Michigan, representing an increase of approximately 32,000 over the total registered one year ago, Secretary of State James M. Hare has disclosed.

Within the next few months, the figure is expected to be about 114,000, he said.

A breakdown of snowmobile registrations by counties shows that the vehicles are largely concentrated in the areas of greatest population, with more than 38 percent of the state total registered in only 10 counties.

Genesee County has the largest number of registered snowmobiles with a current total of 5,965. Keweenaw County is last on the list with a mere 73 vehicles registered.

Floor Fight Highlights PCHA Board Elections

BY DANN BARKUME

The election of officers for the People's Community Hospital Authority was highlighted by a floor fight in which a faction involving several Downriver communities and the city of Dearborn Heights attempted to overthrow the incumbent board members.

Donald J. Pizzimenti, of Lincoln Park, a four year veteran of the authority,

needed two ballots to overcome a challenge thrown from the floor with the nomination of Tracy Salsbury from Ecorse.

It was the first time Pizzimenti had been challenged for the office of chairman during the three years he has held that office.

Incumbent vice-chairman Patrick J. Norton of Wayne fell short in his bid to overcome the challenge of

Martin Inman of Dearborn Heights.

Secretary Hiram McNeeley of Inkster and Treasurer Roger Remer of Flat Rock were unanimously reappointed for one year terms in their respective offices without being challenged from the floor.

The most heated contest of the meeting centered around the election of two officers to serve with

Pizzimenti on the Executive Committee.

Tracy Salsbury was elected on the first ballot and Patrick Norton of Wayne was picked after three more ballots had been cast.

Also nominated were Edward Hayes of Ypsilanti Township, Russell White of Lincoln Park and Roland Arnold of Southgate.

Charles Younglove of Trenton, who has yet to sit on the Board, and Tracy Salsbury were elected as members at large. They unseated incumbents John Crooks of Pinckney and Edward Langland of Ecorse.

now that the elections were over, everyone should work together to achieve the best possible service to the communities.

After the meeting, newly

elected Executive Board member Patrick Norton said, "I am extremely pleased to have been elected to the Executive Board and I look forward to another year of hard work. The People's

Community Hospital Authority is a complex organization made up of 23 communities and we do have some difficulties, we have in the past, however, made much progress, especially

under Don Pizzimenti, whom I am pleased was re-elected.

All Board officers are elected for a one year term, the members at large are elected to serve four year terms.

Consumers Power Plans Gas Growth

LIVONIA—Construction projects in the west Wayne division of Consumers Power Company in 1970 require the investment of \$2.5 million, primarily to expand and improve the natural gas distribution system, James P. Thomas, division manager, said this week.

The company will spend \$2 million on its gas distribution system, including construction of additions and extensions of gas mains, improvements to existing mains, connections for new customers and replacement of distribution equipment. Over 47 miles of gas mains will be laid in the division.

Improvements will be made at the Livonia service center, including construction of a truck port and equipment cleaning area and remodeling of portions of the building's interior.

The division, headquartered at Livonia, has 74,500 natural gas customers in a 248 square mile area of western Wayne county. Communities served include Farmington, Livonia, Wayne, Northville, Novi and Plymouth. Nearly 2,300 new customers are expected in 1970, said Thomas.

Gas consumers in the division receive supplies

through a network of pipelines bringing gas from storage fields in Michigan and from suppliers in the southwestern United States.

Consumers Power is keeping abreast of increasing gas demands with the conversion of former gas fields in Wayne, Oakland and Macomb counties to storage sites.

The Northville gas field is being converted, with 15 wells at the field to be reworked to store natural gas. A cushion of 10.7 billion cubic feet of gas will be injected into the sites.

A 20-mile, 20-inch gas transmission pipeline will be built from the present Northville-Clarkston pipeline in Consumers Power regulator station at Walled Lake.

Thomas said the construction plans are part of a record \$232 million program which Consumers Power has budgeted for projects to improve and expand its statewide operations in 1970.

The company provides electric service to over one million customers and serves over 830,000 gas consumers in a combined service area which includes all but one of the 68 counties of Michigan's Lower Peninsula.

George Washington was a neat dresser.

The Medical Advisory Committee was unanimously elected as recommended by the PCHA Nominating Committee. The Medical Advisory Committee consists of one physician from each of the four hospitals under the authority and three physicians elected as at large members.

An informed source said that the alliance of the downriver communities and Dearborn Heights came about because certain communities involved were not happy with the manner in which the authority was conducting its business and wished to with draw completely.

Under current by-laws, a community can only withdraw if a referendum vote of the citizens in the community favors such a move and a concurring vote by the PCHA Board is received.

There was a previous movement to change the by-laws to read that a community could withdraw with only the consent of the board.

It is not known if the alliance has this change in mind for the coming year.

Following the election, Pizzimenti addressed the board and made a plea for unity stating that the board was a democracy and that

'Applause' Is All Bacall

By HOWARD ALLEN
Amusement Critic

The legitimate theater itself is the hero of "Applause," the new Comden and Green musical adaption of "All About Eve," now in a prior-to-Broadway run at the Fisher Theatre. Certainly Miss Comden and Green have enveloped that tinselled medium in an affectionate and often nostalgic aura. If

there are rotters on stage, well, that's part of the tradition of the theater too, isn't it?

The entire show, title included, and certainly the finale might be considered as nothing more than a commercial for the curtain calls.

"Applause" emerges ultimately as a star vehicle for

Lauren Bacall who takes advantage of every minute to best effect. Star vehicles are nothing without an adequate star and Miss Bacall is every bit of it. You say she can't sing? Neither can Rex Harrison.

Thus there is a lot less of "All About Eve" left (so much so that the show's original Eve deserted the ranks in Baltimore), for the focus is no longer on the ruthless newcomer who infiltrates the household of the top Broadway star, Margo Channing, and climbs over her on the way to the top, and a lot more of Margo and her worries about aging and using her glamor.

Surprisingly, the show's best two numbers don't involve Miss Bacall at all, they feature Bonnie Franklin and the chorus, playing of all things a chorus, in the rousing

title number and "She's No Longer a Gypsy." Although the first number dredges out every cliché about the show business musical number, it comes off exceptionally well.

The book is somewhat shaky after herculean surgery — it reportedly was nearly four hours long in Baltimore — but is unifying itself well. An opening "Back Stage Babble" is horribly glossy and the number at the homosexual bar is just too chi-chi, while several of the numbers are so wrapped up in the plot they forget to be songs, but the framework is secure.

Penny Fuller handles the role of the bitchy Eve well, but the evening is all Miss Bacall's. As well it might be.

In the field of psychological horror few names loom as large as Franz

Kafka, but one wonders what he really would have thought about Max Brod's adaption of his novel "The Castle," now being staged by the John Fernald Company at the Meadow Brook Theatre, Oakland University.

The main thing about horror is — it must horrify. Nobody has yet invented a theoretical or abstract tingling of the scalp. And Kafka's nightmare of totalitarian authority is here reduced to little more than a rather harrowing experience with bureaucracy such as might be experienced at city

hall or the City-County Building by any of us.

Kafka's protagonist, K, desperately seeking roots in a central European village, falsely claims to be a district surveyor. Amazingly, the bureaucrats at the Castle, from which the area is controlled, confirm his appointment, but thereafter all roads are barred to him. The villagers are hostile and suspicious and he finds it impossible to even reach the Castle.

Montreal is Canada's largest city.

Board Liberalizes CH Dress Code

INKSTER--The Cherry Hill Board of Education unanimously approved a slight liberalization of the dress code for Cherry Hill High School at its Feb. 3 meeting.

The revision deletes the sentence "mini-skirts are unacceptable" from the student handbook dress rules and temporarily suspends a section prohibiting "extreme styles of hair and make-up" for girls and beards, mustaches and long hair for the boys.

faculty students and dress code committee will make a final decision on this section.

Student committees had been meeting to discuss the revision of the dress rules since October. The proposal approved by the Board had previously been approved by a majority of students.

"I don't think most of the students will change the way they dress much because of the new rules," said one of the student council members who spoke to the Board. "It's just the idea of having more freedom."

Completing A Generation

By Dick McKnight

The agony of cityhood.

Western Wayne County could write its own textbook on that subject.

Both Plymouth and Romulus Townships are in the midst of attempts to discard the archaic township form of government and replace it with slick, modern municipal administration.

Unfortunately, it hasn't been that easy. Plymouth Township, or that part of it that is to become the city of Plymouth Heights, is on its fifth charter writing.

Romulus Township, which has experienced a boom of sorts, is trying incorporation only for the first time. A charter election will decide the area's fate.

Plymouth Township's options are still open. Merger with the city of Plymouth, which seems like the most obvious choice to those outside the Plymouth community, is less attractive to the communities themselves.

Once upon a time, in fact, Plymouth Township's tax level was so low that a merger with higher-tax Plymouth seemed distinctly undesirable. Currently, however equalization of tax rates has caused the Plymouth Township tax advantage to shrink substantially.

Even though some residents of the township and city might groan loudly about joining one another, the fact remains that the two Plymouth communities belong together because of their common interests. If Plymouth Heights incorporates, literally, right around the city of Plymouth, it will be unnatural divorce.

But such unnatural results are not unknown. Westland resulted from the remains of a Nankin Township chopped up by Wayne, Inkster and Garden City. Even less would have been left had Livonia succeeded in its attempt to annex the Westland Center area.

Westland is having a difficult time establishing a total community identity, and perhaps it never will succeed. But it has succeeded in setting a course separate from the city of Wayne, which was so closely identified with Nankin Township.

Romulus is in a good position to benefit from early incorporation. The area has not been carved up by smaller cities and is a natural community with many obvious advantages—chief of which is the Detroit Metropolitan Airport, smack in the middle of the township.

Many reasons, both real and political, have made the Romulus move toward cityhood seem a little bumpy. But the real test will come with the vote on cityhood. Until then no one will know whether the citizens of Romulus Township are thinking as citizens of the city of Romulus.

The shape of things to come in western Wayne County may surprise us, however, when the day comes (and it will) when the entire area joins together in a larger, regional government. As the problems grow larger, and our resources seem more inadequate, we will choose regional government.

The agony of cityhood for Plymouth and Romulus Townships are likely the final births pangs of the old generation.

Real-Life Politics Needs The Students

Actions speak louder than words!

Teenagers protesting the ban on political action clubs in Livonia high schools fail to put their deeds where their mouths are.

These youngsters insist on wanting to take part in the game of politics, of becoming involved in philosophies and policies of national political parties and wanting "to do their thing."

These same would-be leaders of tomorrow stage protest rallies hoping for publicity to make their views known to school authorities and members of the community. They turn out at school board sessions to present their side of the story and become incensed when "no one listens."

Assuming that this same group of primarily militant students represent the majority (quite unlikely according to surveys), then why don't they volunteer assistance to candidates presently running for city offices, thus acquiring on-the-job training and experience in the process?

After talking to many candidates, who every two years struggle to get workers to

pass out literature, put up campaign signs in cold, wintry weather and do the multitude of jobs connected with running for office, all would welcome with open arms aid offered by students interested in politics.

Yet, this has not been the case.

So, what are we to believe? Who are we to believe? We believe that, if these protesting students are interested sincerely in learning more about politics, the current city election campaign and every other election within our community can be cultivated for their political education.

Therefore, this newspaper urges students to put up or shut up. Either offer your services to candidates in a real election, right on the firing line, or stop yelling that you are being discriminated against.

The opportunities are there awaiting your offer of aid and assistance, chances to learn in a real life situation, so vastly more beneficial than make-believe political projects artificially created for the classroom.

Politically interested students, the community awaits your decision.

Detroit Is A Preview Of Inkster

By Rosemary Wolock

If Detroit Mayor Roman Gribbs can't get sympathy in Inkster where can he expect to find it? Inkster and Detroit are alike in many ways, particularly when it comes to problems.

One might say that Inkster is just one step behind Detroit because it will be facing the crisis tomorrow that Detroit is facing today.

Both communities suffer from drug problems, school crisis and a growing polarization between the races. In some areas, Detroit's problems are more acute, in some ways Inkster's are.

One other problem they share is a lack of money. Inkster is at its tax limitation. Meanwhile Detroit is going to the legislature with a series of tax proposals which include tax increases for non-residents.

I was disappointed at an Inkster Council meeting recently to hear a resolution proposed that would have registered Inkster's opposition to Detroit's tax plan.

The resolution failed 4-3. Councilman Jack Mulhern said he thought Detroit should be given a chance to plead its own case in Lansing. Also opposing the measure for various reasons were Councilmen Edward Dudek, Clyde Hamlin and Terrel LeCesne.

The thing that struck me about the resolution was that it represented to me a complete lack of foresight. I realize that Inkster is struggling to live within its means. And if the city can negotiate tight salary increases for the next contract period, Inkster may be able to live within its means for another year or two.

But the last time the city negotiated pay raises it could live with, there was an open employee revolt in the police department. With the current combination of inflation and recession I think it will be even more difficult to "hold the line" in employee negotiations.

In a year or two Inkster will probably find itself with the difficult choice of cutting service or going into deficit spending. And deficit spending is no answer because sooner or later the deficit will catch up with the city fathers.

What will Inkster do then? Try to raise property taxes by approval of the voters? Levy an income tax?

Or perhaps it will be Inkster's turn to go to the legislature and ask for some kind of help. The city council won't appreciate it then when other communities turn thumbs down on their hopes.

I'm not even suggesting the city council ought to be altruistic. They just ought to realize though that they may be in the same boat with Detroit some day soon.

Somewhere To Go

"I've got to get out of this town, there's nothin' to do" is a statement often heard from members of a certain segment of the Plymouth youth population.

Perhaps there gripes are justified — maybe there isn't enough for the kids to do — enough good, that is.

However, a group of Plymouth teenagers, seemingly adopting the motto of "more help by helping ourselves" is steadily working toward the eventual realization of a teen center.

The teen center idea, pet project of the local Jaycees, went up in smoke last fall when the proposed center was ruined by fire only a few weeks before its scheduled opening.

Although the physical prospects were ruined, the center idea grew stronger.

Under the auspices of Youth Incorporated and through the generous donation of District Judge Dunbar Davis, the teens were given a house on Fralick Street to develop into a center for teen activities.

A coffee house atmosphere with intellectual and social activities is planned for the house.

With several community civic groups working on the project it seems apparent that the center will be more than just a "get-away" for students who say they don't have anything to do or anywhere to go.

By working together on a project which will hopefully have a lasting effect on the community, perhaps the idea that work is a four-letter word can be dispelled. Edging toward a tangible goal — one which can show some actual results — might make positive involvement more attractive.

People Should Choose

By Bill Pomeroy

The Westland City Charter needs amending.

It stated that the City Council, by a majority vote, will fill vacancies in elective offices for the unexpired term of the office.

Why?

It's strictly a political maneuver. A building up of the forces of the majority in elective office. The majority hands an ally or a compromise candidate a clean seat — untouched by the electorate.

If it's an elective office, it should be filled by public vote, regardless if the unexpired term is less than a full term (4 years) or less than a half-term.

A special public election should determine who is to occupy the vacancy.

Some Westland residents recently said they felt "cheated," because the almost full term of a Council-appointed-City Clerk was being filled without their consideration.

The new Councilman will be obligated to the majority of the Council (four members) rather than to the public, said one disgruntled resident.

Even a Westland Councilman expressed his displeasure and "bitter" opposition by

saying that he couldn't morally vote for someone to get a four-year term.

The nominees of a four-year-term vacancy should only be able to retain the vacancy until the next general election (held every two years).

In the last general election, Eugene McKinney had another half-term to go, yet was vying for the Westland mayoralty. He won, but if he had lost he should have landed on the seat of his pants rather than into his old Council seat.

There should be a risk for every attempted gain.

A councilman's choice should be, in a case like this, the mayorship or the council seat. If he runs for Mayor, he should not be eligible for a seat on the council.

The councilmen are put there by the electorate, and so should their replacements be.

Elective office is not an auctionable item, even if the auction is held by our electees.

The City Charter should not be left to work on its own, as Mayor McKinney contends, if the electorate cannot fill elective offices and vacancies.

Viewpoint

A Lonely Occupation

By Dann Barkume

Area police departments have been making a lot of news lately: Blue flu epidemics in Livonia and investigations in Westland and Plymouth.

Local police departments have had to take a close look at themselves keeping one eye on the prosecutor's office all the time.

Feelings toward the men in blue fluctuate with the coming of each new day. Depending on the situation, we either love them or hate them. If the policeman gives you a ticket because you are double parked, your feelings will not be as warm as they were the week before when your local department completed an extensive investigation and broke up a large operation in drug traffic.

Officers are liked or disliked by their actions. They are confronted by this whenever they do their job. Speaking bluntly, it is tough to be a cop.

The old school line of thinking which put man in the uniform on a pedestal (the officer is always right theory) is gone. Policemen today are examined, criticized, ridiculed, assaulted and questioned. They put their patience and their reputation on the line every time they report for duty.

The ironic point is, whenever there is trouble, no matter how minute, the first persons we call on are the local police. He is supposed to be there when we need him but he had better watch himself because if he makes one false move he will face suspension.

If we get a ticket for going 20 over we criticize because the guy next to us was going 15 over and we were just trying to get around him because we are sure he was a traffic hazard and we were just trying to avoid a collision.

We don't consider the fact that we ourselves were hazards because of our excessive speed.

Why not think of that guy the next time he risks his life to keep your town clean. Why not think of him when everyone else has to run for cover and he has to do the dirty work.

Believe it or not, policemen today earn their money a dozen times over. It would be nice if every taxpayer had the chance to watch the police in action, to ride in the cars, be there during arrests and maybe sit through a shootout. Perhaps our criticism would be a little slower in coming.

Police officers make mistakes, but so does everyone else. They also have a job to do, like everyone else. Their job, however, requires the maturity to take criticism without letting it take hold of them, the courage to make a decision without being afraid of the consequences and the ability to maintain law and order; something that the taxpayers take for granted.

it's HOME IMPROVEMENT TIME

REPAIR • REMODEL • REDECORATE

Panels Take Work Out Of Room

Children's playrooms—unless properly planned—can make work for parents.

Any playroom is subjected to hard use, continual abuse, spills, stains, strewn toys and lots of high-spirited noise. If the room can't take wear and tear, it will age rapidly (and so will parents who try to keep it neat and in repair). But with good planning, a playroom can serve a succession of children for a number of years and be fun for everyone.

To do this, the room needs

certain essentials. Among them:

***Durability**—Since walls and floors take maximum abuse, they deserve strong defenses. Prefinished hardboard panels—which are virtually child-proof—are a good choice for walls. The sturdy panels won't dent, mar or scuff. Stains and soils (including crayon, chalk and finger marks) wash off easily. A variety of finishes—warm woodgrains, cheery colors and attractive patterns—offers a selection to beautify the room and delight the children. For floors, choose a resilient,

easy-care covering—preferably one you can clean with soap and water.

***Storage**—Playrooms need plenty. Built-in units with table-top space and undercounter cabinets work well. Another practical idea is a storage wall of perforated hardboard paneling. These panels have holes which accept hooks from which a variety of items can be hung, and brackets on which to mount shelves. Hooks and shelves set low in the wall are easy for small children to reach, so playroom paraphernalia is more likely

to be put away. Also, youngsters like to have their favorite toys on display and readily accessible.

***Sound-conditioning**—This is more easily and economically achieved than most people realize. A number of acoustical ceiling materials are available for sound-control. Use of heavy drapery and carpeting or cushioned flooring help deaden noise transmission to the rest of the house. What you put on the walls also makes a difference. Tests show that hardboard wall paneling installed over commonly-used backup materials makes an excellent sound deadener.

***Comfort**—Children like furniture they can climb over, pummel and put their feet on. Use washable slip covers on sofas and chairs, or upholstery materials that can be damp-wiped clean. Since playrooms are a favorite

rainy-day retreat, use bright colors and cheerful patterns. The room should also be well-lighted, comfortably warm in winter and cool in summer.

Other hints on planning rooms for maximum enjoyment and minimal care are contained in a new full-color, illustrated booklet called "New Dimensions in Living". It's obtainable for 25 cents from the American Hardboard Association, 20 North Wacker Drive, Chicago, Ill. 60606.

ALL PLAY—AND NO WORK—make playrooms a pleasure for everyone. Decorative materials that attract children, take hard wear, and require little care are best. Here, an imaginative storage wall was created with perforated hardboard paneling. It won't dent, mar or scuff, and can be damp-wiped clean.

Cleaning Can Be Fun

While Spring has lofty meanings for many people, to the realistic homemaker it only marks the onslaught of annual house cleaning.

But one Spring drudgery can be transformed into fun. It may be a dingy foyer or

entryway a worn out kitchen floor or family room that needs a Spring touch. In less time than it would take to strip, scrub and wax one of these flooring areas, any homemaker herself can install a brand new floor with Peel and Stick vinyl asbestos tile.

Because Flintkote offers this tile with adhesive already on the back, there is no worry about messy industrial glues.

Choose a pattern in rustic brick, sculptured stones, Mediterranean, tone-on-tone effect.

OUT IN DOGPATCH—Preparations are gearing up for the March 13-14-15 performances of the musical, "Li'l Abner" by John Glenn High School students. The show will go on at 8 p.m. March 13 and 14, and at 7 p.m. March 15 at the Wayne Memorial High School auditorium. Shown from left are wardrobe girl Vicky Nichols, cast members Chris Wilhelmie, David Barrows and Brenda Merriweather and wardrobe girl Connie Moran. Tickets may be purchased from staff members or by calling the school, 728-1800.

Ford Praises Youth

WASHINGTON, D.C.—Congressman William D. Ford (Democrat-15th District) is convinced that today's teen-agers are much more knowledgeable, perceptive and concerned than they are generally given credit for.

Congressman Ford, who speaks to student groups whenever possible, visited five high schools in his district during the recent Lincoln Day Recess of Congress. He spoke to more than five hundred students, mostly seniors in government classes.

"I came away more convinced than ever that the typical high school student is a basically sensible and alert person," Congressman Ford said.

The Congressman said he had reached this conclusion

over the past several years, but added that it was strongly reinforced during the Lincoln Day recess appearances.

"The questions asked by these young people indicate that they are deeply concerned about this nation and its future, and that they are fully aware of the great problems that their generation will inherit in the coming decades," Ford said.

"Their questions centered on such vital issues as foreign policy, the war in Vietnam, water and air pollution, inflation and crime. They did not want to hear political clichés and stock answers; they wanted to know what was being done, what could be done, and what should be done."

Congressman Ford said that his experiences with the

teen-agers had bolstered his long-held conviction that the voting age should be lowered to 18 years.

"Publicity given to hippies, to student demonstrators and rioters, to drug abuse, and draft-evaders have given the general public a poor image of young people," Ford said. "Every recent poll I have seen, including several I have made, shows that most people oppose a lower voting age."

"But I think this attitude is unfair to the vast majority of those between the ages of 18 and 21. For this reason, I plan to support President Nixon's proposal for a constitutional amendment setting 18 as the minimum voting age for Federal elections."

"There are some 10 million Americans today between 18 and 21 who do not have the right to vote. Yet, they are called upon to serve in the Armed Forces and to pay taxes; most of them are in the labor market; they can be sued or tried as adults; they are called upon to assume virtually every duty and responsibility of an adult, but they are denied the right to help select their nation's leaders."

"It is essentially an unfair situation, and one that is long overdue for correction," Ford concluded.

Remodeling Relieves Tight Home Squeeze

For the homeowner painfully pressed between expanding home needs on the one hand and bulging inflation on the other, the only ready relief may be remodeling.

This year, an estimated \$14 billion will be spent on home improvement—and with good reason. Rising new home costs may make it more feasible to modernize an old home than buy a new one. A shortage of desirable building sites and high real estate costs may make it cheaper to expand the house on a present lot than buy a larger tract. And, even in times of inflation, home improvement is considered a good investment. It makes daily living more enjoyable and increases the eventual resale value of a home.

The availability of quality building materials that allow quick-and-easy beautification, long-lasting service and minimal upkeep—all at a reasonable cost—also adds to the remodeling trend. With many of these materials,

homeowners can do much of the remodeling work themselves—another moneysaving benefit.

Studies show, for instance, that paneling walls is the third most popular remodeling project (exceeded only by new lighting fixtures and floor tiles). Paneling walls is a beautiful—and easy—way to modernize any room particularly with the wide array of prefinished paneling styles. Hardboard wall panels are now available in woodgrains, decorator colors, unusual patterns and textures including marbled and tile patterns, and in ornamental filigrees. The sturdy panels (which won't dent, mar or scuff and can be damp-wiped clean) go up easily over existing wall. In most cases, matching trim and moldings are available making it possible for amateurs to give a paneling job a professionally-finished look.

Other frequent remodeling projects, according to the Bureau of Building Marketing

Research, are: driveways, walks, patios, exterior painting, kitchen and bathroom modernization, and basement recreation rooms. Except for large-scale jobs such as new kitchens and bathrooms, homeowners do most of the work themselves.

Do-it-yourself can get helpful information on remodeling. For example, a

new full-color, illustrated brochure, "New Dimensions in Living", containing ideas for kitchens, bathrooms, living rooms, recreation rooms and bedrooms and with information on exterior siding and room additions, may be obtained for 25 cents from the American Hardboard Association, 20 North Wacker Drive, Chicago, Ill. 60606.

Pick Siding To Enhance Home

Curb-appeal is an important consideration when deciding on exterior styling and selecting materials to execute the architectural personality of a home. Roof line, window arrangement, fascia accents, and assembly of materials combine to make a pleasing structure. It is this status-setting appearance that draws compliments from neighbors and attracts prospects when the house is up for sale.

Generally, solid wall areas dominate the home exterior so facing materials are essential to the creation of curb-appeal. Among these products are sidings. "Beautiful" and "tough" may not seem compatible terms for building materials. But they apply to hardboard sidings. Factory-primed for

easy painting, or prefinished with lasting colors and textures, the sidings are "engineered" to withstand attacks of weather and temperature changes. They won't crack, chip or split and they resist most surface impacts.

Approved by FHA and building codes, hardboard sidings come in both horizontal and vertical style panels.

Belleville Man's First Book Hits Chord

By SANDRA KASHDAN

In "Dynamics of Success," Leslie Roberts defines success loosely — the achievement of ambition, the attainment of the end desired, the consummation of our strong desires.

After a sigh of relief that we aren't confronted by yet another diatribe on sure fire ways to get rich, we see that conventional notions of success are never far behind.

Why, is this age of specialization must one choose a vocation in which to particularize? To be "out front" . . . to rise "above the crowd."

But Roberts, 67, of 8701 Belleville Rd., Belleville, uses a pious and didactic tone to encourage not only the humble, the discouraged, but all of us whose vistas seem to shrink more and more as we outgrow youth's natural idealism.

A minister for the Christian Missionary Alliance, a nationwide organization, the crushing confidence and brisk pace of this, Roberts' first non-religious book, is oddly infectious.

Roberts relies heavily on the ultra-simple, the obvious, as he belabors common sense. There is nothing scientific here, he does not probe deeply into the psyche, i.e. he classifies people into introverts, extroverts, and "ambiverts", a term he has coined to describe the midway category into which most of us fall.

We are told that with a combination of the basic ingredients — energy, enthusiasm and determination — genius is within all of our grasp. Imagination, altruism, loyalty, self-appreciation, faith, the old virtues are what Roberts invokes in an effort to dust off and quicken the character.

The book is replete with bad poetry,

There is no word, no phrase, for you
On whom I so depend;
All I can say to you is this;
God bless you, precious friend.

Good examples (Thomas A. Edison, Abraham Lincoln, and Shakespeare) and exercises which he urges the reader to practice assiduously, ("write, at length, how the following 'essentials of genius' will help you to be successful in the field of endeavor you have chosen.") are included.

The pious and cliched tone runs the risk of cloying, and in fact, in the end, one tends to seesaw between inspiration and surfeit. For this reason, it is not a book in which one can steep oneself all day, but it serves the end Roberts sets out to accomplish. In the everyday world, the obvious is not always obvious, or so obvious we tend to ignore it. The volume serves as a handy reminder.

At a time when so many are staggered by a society that seems to pull our destiny out of our hands, leaving us seemingly buffeted about by chance, Roberts harkens back to control and assurance, in an effort to combat the life "of quiet desperation."

("Dynamics of Success" is being published by Harlo Press in Detroit and sells for \$5.75. 172 pages.)

VIDEO VILLAGE

A classic comedy fantasy with Jack Benny, Alexis Smith, Guy Kibbee, Allyn Joslyn and a titillating trumpet, "The Horn Blows at Midnight" is an imaginative satire of an angel who is sent to earth to blow his trumpet and 'tumble the walls'. A boxoffice flop when it was released in 1945, it is now acclaimed by film historians for its delightful fantasy and innovative techniques. The film will be shown at the Henry Ford Museum Theatre, Sunday, March 8 at 2 and 4 p.m. No additional charge beyond the museum admission of \$2 for adults and \$1 for children 6-14.

LOTS OF GLEE

The combined Glee Clubs of Kingswood School Cranbrook and Cranbrook School will present a choral program at 4 p.m. Sunday, March 8 at Christ Church Cranbrook, Lone Pine and Church roads, Bloomfield Hills.

The main work on the program will be the "Gloria" by Vivaldi, featuring soloists Sue L. Williams and Natalie Martin.

CASS CLASSIC

The Performing Arts Department of the Cass Technical High School has chosen as its fifth presentation of the season Carson McCullers' "Member of the Wedding."

The two performances will be given in the auditorium of Cass Technical High School, 2421 Second Ave., Detroit, on Thursday, March 12 at 2:15, and on Friday March 13 at 8 p.m. The admission price is 75 cents and \$1.25. For further information, contact the Performing Arts Department, 963-1950, Extension 11.

AILEY AT EASTERN

The Alvin Ailey American Dance Theatre, a professional company of 15 young dancers using jazz music and popular dance idioms, will be at Eastern Michigan University for a three-day visit, March 10 through 12, giving two public performances and a series of lessons and discussions.

Public performances will be at 8 p.m. on March 10 and 12 in Pease Auditorium. Admission will be \$2 for general seats and \$3 for reserved. Information may be obtained from Dance Coordinator, EMU Department of Health, Physical Education and Recreation, Ypsilanti, Michigan 48197 or call 487-1211.

On March 11, two master classes in dance technique and a panel discussion will be conducted by members of the company. Participation in the master classes is by invitation only; however, the public is invited to observe and to attend the panel discussion. The classes will be at 4 and 6:30 p.m. and the discussion will be at 8 p.m. in Warner Gymnasium.

MUSIC FOR MASTERS

Two Beethoven master classes for pianists will be given by Dady Mehta, assistant professor of music at Eastern Michigan University. A master class is a format for focusing musical growth with emphasis on penetration and projection of the score.

The first series of classes, for high school students, will be from 10 a.m. to noon on four Saturdays, April 4, 11, 18, and 25, in Pease Auditorium. The cost for the series is \$20 for performers and \$12 for auditors. The session is limited to 10 performers.

For piano teachers and advanced students, a series will be held June 8, 10, 12, 15, 17 and 19. For a total fee of \$50, performers receive two private lessons in addition to the six classes. Auditors may enroll for \$20. This group is limited to 12 performers.

Following the April series, a concert will be given April 26. A concert, June 21, will conclude the advanced classes. All works played, which must be memorized, are to be chosen from a selected list of Beethoven sonatas, variations and bagatelles.

Box Firm Hit By Arsonists

INKSTER -Arsonists have once again begun plaguing the B.J. Keller Box Factory at 2624 Meadowdale. A series of fires last fall nearly destroyed the business in the city's southeast section.

The fire began after neighbors complained about the fire and health hazards from the piles of wooden boxes and pallets in the yard of the box factory.

The business was hit again at noontime, Sunday, when a fire was set near the quonset hut in the yard. Damage was estimated at \$650.

Two weeks ago a fire did slight damage to some boxes stored in the south end of the yard.
